

PASSENGER TRAFFIC REPORT

ADELAIDE AIRPORT LIMITED

ADELAIDE AIRPORT HAS RECORDED THE FOLLOWING AERONAUTICAL PASSENGER TRAFFIC PERFORMANCE FOR THE QUARTER ENDED JUNE 2010

Pax ('000)	Financial Year to Date		
	Jun-10	Jun-09	Growth(%)
Domestic	6,041	5,861	3.1%
International	536	492	9.0%
Regional	525	531	(1.2%)
TOTAL	7,102	6,884	3.2%

Passenger growth for FY10 has been recorded at 3.2%.

Domestic passengers were up 3.1% in the 12 month period to June, with passenger traffic demand serviced by the continued expansion of Tiger Airways.

International passengers continue to perform strongly, in particular benefiting from heavy

competition on price amongst the airlines coupled with the strong Australian dollar.

Regional passengers have started to recover, with the new Qantaslink Port Lincoln route being very successful, and a strengthening in the mining sector generally.
