**Adelaide
Airport**

Dear Industry Colleague

It is with great pleasure that I present to you, the Adelaide Airport Northern Summer Schedule for 2012.

This period again promises to deliver improved International connections from Adelaide having been boosted with the reintroduction by Singapore Airlines of twice daily services to Singapore, starting in July 2012.

These services further enhance our existing international connections to Auckland, Bali, Hong Kong, Singapore, Kuala Lumpur and beyond.

Whilst Adelaide Airport has been producing a printed International schedule in the past and we believe it has been a useful source of information, we also feel that the time is right to now introduce an enhanced web-based information service on www.adelaideairport.com.au.

This new online service will be available by the end of April 2012.

On behalf of Adelaide Airport, I thank you for your continued patronage and look forward to the continued growth of direct non-stop services to and from Adelaide.

Mark Young - Managing Director
