

## MEDIA RELEASE

Wednesday 20 May, 2015

### **Adelaide Airport to undertake emergency exercise**

Adelaide Airport Ltd (AAL) will be conducting an emergency exercise on **Thursday 21 May, 2015** to test its emergency and communications procedures.

The exercise will take place between 1.00pm and 3.00pm within the main terminal. Airport staff, regulatory bodies and emergency services personnel will be involved.

The exercise will give AAL an opportunity to assess its procedures and training to ensure that any emergency is managed in a professional manner.

AAL advises passengers and visitors to be aware but not alarmed by the emergency services activity being undertaken as part of this exercise. Signage and public address announcements will be used to inform customers that this is an exercise only.

***Editors note:*** *The exercise will take place within enclosed locations in the main terminal. Media will not be able to access these locations during the exercise.*
