Adelaide Airport Limited (AAL) has recorded a -0.2% decline in total passenger numbers for Q2 FY16 compared to the prior corresponding period.

Domestic passengers grew +1.9% to 1.7 million for the quarter, largely due to capacity increases, with an additional 69,000 (+3.4%) seats in comparison to the previous corresponding period.

International passengers decreased by -10.0% during Q2 FY16, largely due to the cancellation of Air Asia X's Kuala Lumpur service on 25 January 2015.

Regional passengers decreased by -7.7% on prior year.
